

SALT POOLS PTY LTD

A PRIVATE OASIS

LUXURIOUS SWIMMING POOL DESIGN

This backyard truly has the 'wow' factor, and the featured pool illustrates a tropical charm that you would be surprised to find in the eastern suburbs of Melbourne. Wanting a place of refuge and pure indulgence, the owners of the property were after a space where they could entertain, sit back and relax.

The owners had a clear view of what they wanted and Salt Pools Pty Ltd helped them turn that dream into a reality. The owners couldn't be happier with the result as it's everything that they had hoped for.

The wet-edge pool creates the vision of a peaceful endless swimming pool, and as it's surrounded by tropical palm trees, the area is completely secluded, allowing the owners to feel like they are in a private resort. Salt Pools Pty Ltd also built the barbecue area and paving which help the swimming pool and the entertaining area merge together to create a wonderfully peaceful private oasis.

The stunning 6m x 6m concrete, solar heated pool features an interior of Iceland glass mosaic tiles, which are enhanced by the Spa Electrics LED niche underwater lights. The company also installed LED lights in the decking and paving, and frameless glass fencing borders the pool.

Salt Pools & Landscapes Pty Ltd is a partnership between Richard Workman and Wayne Daly. Workman has been in the industry for over 20 years, working for some of Melbourne's leading pool companies building in-ground concrete swimming pools and spas. He is experienced in all areas of pool construction, and is a qualified licensed builder.

Specialising in concrete swimming pool and spa design and construction, Salt Pools Pty Ltd combine luxury designs with spectacular workmanship and a wealth of knowledge to create truly unforgettable outdoor spaces.
